## Key to Access Floating Toolbar

Launch the *floating toolbar* to access powerful learning tools for all your **reading, writing and studying** activities.

**E-Text Reader**® The E-Text Reader is designed as an overall robust reading, writing and studying tool. Everyone can benefit from E-Text Reader to help read ANY electronic document in a wide variety of formats. E-Text Reader will read the many literature titles now available in electronic format (“E-Books, or E-Text”) and documents in Standard Text, MS Word, RTF (“Rich Text Format”) and HTML formats. It also includes the break-through auditory highlighting feature, enabling users to see and hear the most relevant parts of a document through audible changes.

**Universal Reader Plus**® Universal Reader Plus is a very easy-to-use utility that reads to you, and it works with virtually any application. It is ideal for reading email, Microsoft Word documents, web pages and online Flash books. Universal Reader Plus includes the added benefits of Premier's Language Model Information Summarization (LMIS) technology and multi-lingual support.

**PDF Equalizer**® PDF Equalizer is a must-have software solution that transforms PDF files from mere content to true study tools. With tools that allow the user to select portions of text to be read aloud, navigate complicated charts and diagrams, even save your own notes, PDF Equalizer is the perfect study tool when using PDF files.

**Text-To-Audio**® Text-To-Audio is a high-end application that can quickly and easily convert PDF files and electronic text to audio formats, including WAV and MP3. Create audio files of electronic study notes, textbooks or classroom handouts.

**Scan and Read Pro**® Scan and Read Pro is a fully powered scanning application that creates an electronic file for documents you scan. Works with virtually all flatbed USB scanners, all-in-one units and those with automatic document feeders (ADF). Easy-to-use controls get you up and running quickly. It comes complete with voice capabilities for reading, auditory highlighting, multi-lingual support and summarization features.

**Talking Word Processor**® Talking Word Processor is a fully-functional word processing package that talks. It also includes auditory highlighting, word prediction, content summarization, highlight/extract capabilities, integrated dictionary and a variety of tools to assist in proofing your documents. All files can be saved in standard Microsoft Word format. It is an invaluable tool for teaching word processing and for general literacy.

**Worksheet Wizard**® The Worksheet Wizard is a learning tool optimized to work with worksheets and forms. It is ideal for filling out forms and adding annotations to existing PDF files or worksheets. The Worksheet Wizard solves the problem of how to work with documents that seem to be designed for handwritten completion.

**Write Now**® Write Now is a writing tool designed to help writers of all skill levels. It helps users compose small amounts of content prior to posting them to an application. It is compatible with ANY online or proprietary applications including cloud applications like Google Docs™, email, and Facebook. The “writing analyzer” processes the writing and provides specific information regarding word and sentence use, grade level and readability levels. Built-in composition features ensure content is correct BEFORE it becomes a permanent post into a document or on the Internet.

**English Talking Dictionary**® The English Talking Dictionary is a comprehensive and unabridged dictionary AND thesaurus that contains more than 250,000 words and definitions that can be read to you. It includes references to historical people, places, technical jargon and slang and will work with any computer application. With our new INTERLINK technology, relational word linking allows the user to search by idea or concept.

**Talking Calculator**® Talking Calculator is a fully functional talking calculator that works with or without a screen reader. Easy to use with large keys and contrasting colors, it displays your entries and your results as you work.
