

# Literacy Productivity "Mac Pack"

**We Make Reading  
& Writing Easy**

***Get More Literacy Technology for Less!!!***

The **Literacy Productivity "Mac Pack"** combines our most popular literacy products into a single offering. Our "Mac Pack" has high-quality tools that will help users with both reading AND writing. Think of it as your very own "literacy toolbox."

Each "tool" is effectively a separate product and is designed to perform a specific task.

Additionally, you will notice that some of the

packages do share common features. All the programs can even be launched from a single *floating toolbar*, and you can choose to learn the parts that help you the most. This makes learning exceptionally convenient. It is similar to other software "suites", so you may find yourself using some of the tools more than others to suit your specific needs.

## **All the Essential Tools You Need for Effective Reading & Writing**

The **Literacy Productivity "Mac Pack"** is also ideal for high school and/ or college students whose reading and writing needs are expanding beyond traditional learning environments (e.g. the Internet).

Hence, the **Literacy Productivity "Mac Pack"** was created...to provide you with all the literacy tools you need at a price everyone can truly afford.

**Priced at only \$249.95** (for a single workstation license).  
*(You Save \$519.60 over buying the products separately!)*

### **The Literacy Productivity "Mac Pack" includes the following products:**

- Universal Reader Plus

# Literacy Productivity

## "Mac Pack"

**Universal Reader Plus**<sup>®</sup> Universal Reader Plus is the ultimate “read-anything-anytime” program. A world-class, all-purpose utility that allows the user to highlight text and have it read aloud within almost any application. The powerful Language Model Information Summarization (LMIS) feature allows the user to quickly and efficiently summarize information making it a valuable study tool.

**Ultimate Talking Dictionary**<sup>®</sup> The Ultimate Talking Dictionary is a robust talking dictionary offering 250,000 words. INTERLINK technology allows the user to find unknown words as well as known words. With special features that allow it to work with other literacy technologies, it is one of the most powerful and affordable dictionaries of its kind.

**Talking Word Processor**<sup>®</sup> Talking Word Processor is an easy-to-use and fully functional word processor program with Text-to-Speech capability. Compatible with most word processor files, it boasts many features including Grammar Check, Information Summarization, word & sentence repeat, word prediction, highlight & extract tool, and an integrated 250,000 word dictionary.

**E-Text Reader**<sup>®</sup> E-Text Reader is a must-have tool for reading electronic documents. With full editing capabilities and the ability to read multiple file formats, the E-Text Reader is a robust reading tool. Including such features as Information Summarization, multi-lingual translation, and text highlight and extract, it is a powerful tool in any Literacy Technology toolbox.

**Scan and Read Pro**<sup>®</sup> Scan and Read Pro is an affordable software solution for making reading easy. Changing printed text to understandable sound, it aids reading comprehension by highlighting each word as it is read aloud.

**Text-To-Audio**<sup>®</sup> A high-end application that takes existing PDF and digitized text files and converts them to multiple standard digital audio formats such as WAVE. Text-To-Audio can be used to create electronic audio books quickly and easily.

**PDF Equalizer ML**<sup>®</sup> PDF Equalizer ML is an exceptionally powerful program that allows the user enhanced control over PDF files without the complication of conversion. A substantial software solution, it easily reads PDF files aloud, converts to digital audio files, allows for the addition of synchronized NOTES, and offers information summary of content. Adding to its powerhouse features, PDF Equalizer ML supports English, French and Spanish, allowing the user to see dynamic screen changes once a language selection has been made.

**PDF Magic Pro**<sup>®</sup> PDF Magic Pro can convert virtually ANY PDF file (even encrypted) into any of 11 different file types, including MS WORD, RTF, ASCII TEXT and HTML....all of which are fully accessible. With our new “EXACT MATCH” technology, we also retain full page formatting (including color graphics, photos, boxes, columns, etc.) from the original document to the resulting document. The accuracy and integrity of the document is unsurpassed.

**Talking Calculator**<sup>®</sup> Talking Calculator is a fully functional talking calculator that works with or without a screen reader. Easy to use with large keys and contrasting colors, it displays your entries and your results as you work.
